Reinventing governance...!

Kamdhenu University is at its historical cross-roads demanding constant need to update, upgrade and upscale its activities in view of challenging environment owing to the changing scenario. University administration is getting more complex with changing rules, amidst knotty issues, media rich environment and compliance driven world. On the contrary, I wish to introduce simplicity within the realm of Act, Statutes, Rules and Regulations governing the University to make it more responsive to the challenges.

The period under report is punctuated with varied activities. Noteworthy one: maiden National Conference organised by College of Dairy Science, Amreli on "Adulteration in Dairy & Food Products: Accomplishments and Road Ahead". There were flurry of activities undertaken by University Officers like Sanskruti, Women's Day, Agri. Uni Sports, Aero Sports, training sessions for Veterinarians (ASCAD), women dairy farmers and fishpreneurs etc.

I am sanguine of wholehearted cooperation from our Hon'ble Minister, Animal Husbandry, GoG, Shri. Kunvarjibhai Bavaliya and Secretary, Animal Husbandry, GoG, Shri. Mohammad Shahid, IAS in enhancing the bandwidth of our University from uni-college to multi-colleges.

"I praise loudly, I blame softly" - Catherine.

Dr. N. H. Kelawala

National Conference on “Adulteration in Dairy and Food Products: Accomplishments and Road Ahead”

One day National Conference on “Adulteration in Dairy and Food Products: Accomplishments and Road Ahead” was organized by College of Dairy Science, Kamdhenu University, Amreli under World Bank funded ICAR- National Agricultural Higher Education Project (NAHEP) on 19th March, 2019 at College of Dairy Science, Amreli. The conference was inaugurated by Dr. N. H. Kelawala,

volatility of price of milk and milk products in the international market. He foresighted that average daily intake of milk will rise to 850g/day by 2050 which will require a production of 540 MMT, which possess the challenge to increase domestic milk production and for this the Govt. has to take effective steps to promote local milk production.

Dr. V. M. Ramani, Principal & Dean, CDS, Amreli welcoming dignitaries and guests in National Conference

Hon. Vice Chancellor, Kamdhenu University, Gandhinagar, Dr. R.S. Patel, Managing Director, Amar Dairy, Dr. P.H. Vataliya, Director of Extension Education, Dr. D.B. Patil, Director of Research, Dr. V.M. Ramani, Dean, College of Dairy Science, Amreli, Dr. D.A. Shukla, Principal, MIDFT, Mehsana and other dignitaries. The conference was attended by more than 150 delegates from dairy industry and academic institutions.

At the inaugural function, Dr. V. M. Ramani, Dean, CDS in his welcome address briefed on activities and achievements of College of Dairy Science, Amreli. He reminded that we all are concerned with the issues related to adulterated milk and this conference could come up with recommendations of concern to the policy makers. Dr. R. S. Patel, Managing Director, Amar Dairy threw some light on the theme of adulteration in dairy and food products: accomplishments and road ahead and explained what industry can do to ensure it.

Dr. D. B. Patil, Director of Research congratulated Dairy Science College for organizing this Conference. He also stated various reasons for

delineated various challenges faced by dairy industry like adulteration and need for an effective method to check adulteration at the collection areas. He emphasized that the shift of consumer preference from locally sold loose milk to packaged milk could increase the demand for branded milk and a check for adulteration in a better way.

Dr. N. H. Kelawala, Hon. VC, KU in his presidential address portrayed cow and buffalo as biological machines and gave a vision to in vitro synthesis of milk as a future of Dairy Industry. He also realized the gravity of today's scenario and the need to develop small scale sophisticated machinery in rural areas to ensure quality of milk for betterment of farmers and society at a large.

There were expert lectures from Dr. K. D. Aparnathi, Retired Professor, SMC College of Dairy Science, Anand, Dr. Vivek Sharma, Principal Scientist, NDRI, Karnal and Shri Aditya Kumar Jain, Senior Manager, NDDDB, Anand who deliberated intensely on the issues of milk, its safety concerns through hygienic production and handling, problem of adulteration and nutritional attributes etc.

Scientific Animal Husbandry Training Programme at Mubarakpur, Ta. Kalol, Dist. Gandhinagar

Directorate of Extension Education, Kamdhenu University organized "Scientific Animal Husbandry Training Programme" on 7th March, 2019 at Mubarakpur, Ta. Kalol, Dist. Gandhinagar. The programme was inaugurated by Dr. P. H. Vataliya, Director of Extension Education, Kamdhenu University, Gandhinagar. Shri Pravinbhai Patel, Chairmen, Village Dairy Co-operative Milk Collection Centre, Mubarakpur and Shri Jaiminbhai Patel, Sarpanch, Mubarakpur remained present in the programme. More than 230 dairy farm women had participated in the training programme.

In the inaugural speech Dr. P. H. Vataliya delineated the benefits of training programme to farmers. He advised dairy farm women to adopt scientific as well as organic animal husbandry

practices and encouraged them to practice good hygienic methods of livestock keeping ensuring good quality of milk. He also emphasized on role of dairy farmers for development of dairy sector in Gujarat. He took pride in saying that today women's are successful representatives of co-operative dairy sector and this has been possible only because of the efforts of the Universities, State Government as well as women engaged in animal husbandry practices.

Dr. S.J. Vekariya, Dr. M.B. Rajput and Dr. G. R. Chaudhary delivered technical talks which were followed by question-answer session. The training was mainly focussed on modern dairying, ration balancing, health, hygiene, artificial insemination and clean milk production about which dairy farm women got recent technical updates.
