Vitaminising KU...!

After a decade of KU's foundation, continued efforts to make it viable in a long run are gaining momentum. I am sure with the blessings of our Hon'ble Minister of Animal Husbandry, we may achieve our target of becoming a full-fledged university.

The fifth Convocation of Kamdhenu University on April 27, 2019 - the most cherished event of the University was organised with pride, glory and fervour. I am optimistic that in days to come, the scale of this event will be few notches above the present. KU has signed MoU with Kold College, Denmark for collaboration in Dairy Sector and with Gujarat Forensic Sciences University, Gandhinagar, Gujarat in Veterinary Forensics.

KU participated in the 15th meeting of Combined Joint AGRESKO. The technical sessions were innovative, but at the same time demands work in unison with all stakeholders. Under "Hello Karkirdi" programme of DD Girnar, Ahmedabad, Registrar and myself had meaningful interaction with those interested in academic programmes of KU.

The KU participated in Education Connect - 2019 at Ahmedabad and celebrated international Yoga day at all its institutions. Students' participation in various events is noteworthy. Training on "Hands-on Basic Molecular Techniques" with GBRC is a welcome step and more will follow in near future.

Thus, KU is making all out efforts to scale up and hopeful of its success.
